Warranty guarantee on Cooper Zeon CS Sport, Cooper Zeon CS8, Cooper Zeon 4XS Sport and CS2 tyres

* TERMS AND CONDITIONS APPLY

BENEFITS

Defective manufacturing and materials cover.

Accidental damage cover.

Your Cooper tyres have been produced to the highest standards. Consequently, we are able to extend the warranty on your Cooper tyre purchase.

If your Cooper tyre develops a fault, including accidental damage during normal driving, your dealer will fit a new Cooper tyre, charging only for the tread used, wheel balancing and new valves.

This warranty is valid for the life of your tyre until it reaches a tread depth under 3mm. Terms and conditions provide more information (see opposite page).

Terms and Conditions (Lifetime Warranty)

- 1 This warranty applies to Cooper tyres purchased at any Wilco Fast-Fit or Wilco Motosave depot.
- 2 This warranty is valid providing there is a minimum tread depth of 3mm.
- 3 All claims must be accompanied by a fully completed original warranty certificate issued at the time of purchase, the tyre having been balanced and a new valve fitted where necessary by a Wilco Fast-Fit or Wilco Motosave depot.
- 4 You will be charged only for used tread but the warranty contribution must be used against the purchase of a new Cooper car tyre.
- 5 The tyre must have been used for normal road use. Off road use, racing, vandalism, deliberate or malicious damage will invalidate the warranty.
- 6 The extended warranty is limited to Cooper Zeon CS Sport, Cooper Zeon CS8, Cooper Zeon 4XS Sport and CS2 tyres.
- 7 Runflat and winter tyres are not included in this guarantee.
- 8 The remaining tread depth of a tyre will be judged from taking an average of three tread depth readings around the centre of the tyre, none of which must be below 3mm.
- 9 Tyres with a suspected manufacturing fault or tyres irreparably damaged will be replaced at the rates on the remaining tread depth chart, below.
- 10 The warranty applies to the original purchaser and is not transferable. This warranty does not cover rapid or uneven wear caused by vehicle defects. This warranty is invalid if the tyre is removed or repaired by any other company or individual.
- 11 If a tyre is classed as a repairable puncture by your retailer, this is not covered under this warranty and therefore, will be chargeable.
- 12 This warranty only covers replacement tyres equivalent or greater than the OE recommended speed and load index (ie 185/60 R14 82H, 195/50 R15 82H).
- 13 Refitting, rebalancing and new valves are chargeable.
- 14 This warranty is in addition to your statutory rights which are unaffected.

REMAINING TREAD DEPTH	9mm	8mm	7mm	6mm	5mm	4mm	3mm	2mm	1mm
PERCENTAGE	100%	100%	100%	100%	50%	35%	20%	0%	0%

NB. THE MINIMUM LEGAL TREAD DEPTH IS 1.6MM
